POM CHURCH FINALLY SETTLING DOWN

It was a long, hard, and wilderness journey since 2008. Seven years in the making and finally they can call it their Church. Port Moresby Church has finally erected a shelter at a permanent location in Joyce bay of the Moresby South Electorate in the National Capital District. An area of land warmly offered by one of the congregational members to put up a prayer shelter has now become the cornerstone of the work in Port Moresby and the Southern Region.

It was reported that there were talks and continuous meetings of Elders and senior members of the church on erecting a proper shelter since February 2015 when the congregational members parted from their other Brethren. "The issue came to high discussion when the church invited Minister

Beckson for a Ministerial Visit to the church for the dedication of workers and programs," an elated senior member noted. "The existing shelter would definitely not cater for the program that would occur on the Sabbath," he added. A quick decision was made and the delayed discussion was put into motion. A six day construction began on the 31st day of the 5th month of the Gregorian

Calendar on the first day of the week. By the beginning of Sabbath, the 96m² shelter was ready for a surprise gift to the congregation on the Sabbath Day. Though not yet completed with floorings, walls and front end design together with ablution and shower block, it's already a confidence boost to the church that with God nothing is impossible.

If you happen to be in Port Moresby, you are cordially invited to worship with the Port Moresby church at Sabama, Joyce Bay in Moresby South. Prayer shelters will soon be erected at Talai, ATS and 9 Mile

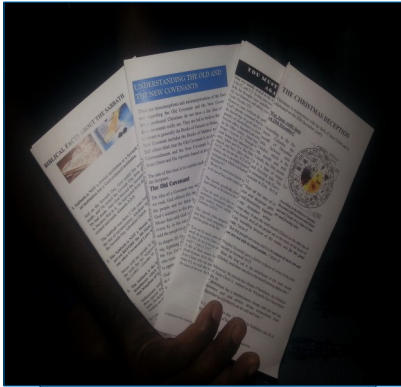

On a Mission

Missionaries Baiyo and Stan of Port Moresby Church have recently been dedicated and released to take up their post as missionaries to Daru Church, Western Province and Dogura Church, Milne Bay Province respectively.

Missionary Baiyo from Kabwum in the Morobe Province will have his first experience as a gospel worker away from where he grew up. Missionary Stan on the other hand will go on his second year mission field

to Milne bay to work alongside Elder Chris and Missionary Jonathan. Missionary Stan will before departing to Milne bay travel up to Southern highlands in the coming days.

Tracts Publication & Dedication

The Four Published Tracts.

History has a lesson for us to learn that literatures on the word of God have moved the knowledge of our God down generations from the time of Moses to the time of the Prophets and the Apostles. Even the great reformation effectively came about due to the various publications of the writings of the early reformers and Pioneers. "There is nothing new under the sun and since what has happened before shall certainly happen again, we are no different to heed this calling for the pur-

pose of the hour of Restoration," said Benzamin, a member of the tracts team.

It was a sight of joy to witness on the Sabbath, the 6th of the 6th Month of the Gregorian Calendar, the dedication of the published tracts and the tracts writing ministry of the Truth Repairers and Restorers Ministries PNG

Four Tracts have now been published namely; *Biblical Facts about Sabbath*, *The Christmas Deception*, *The Old & the New Covenant* and *You Must be Born*

Again.

"Our faithful and dedicated tracts scribes have been prayerfully committed to this course and we pray by the grace of our Lord, that more tracts on the message of Restoration will be published in the days ahead", Benzamin added.

If you have an email address, you are welcome to request through the media email add: isaiah5812png@gmail.com for copies to be forwarded to you for printing and distribution.

Such is a new message that I have never heard,"I am requesting if this same message can be preached at Desert".

84 heed the call at Joyce Bay Meeting

A weeklong meeting entitled *Redeeming Your Time* was held at the Joyce Bay area of the Moresby South in NCD from the 25th day of the 4th month to the 1st day of the 5th month of the Gregorian Calendar.

A great turnout was recorded from the public together with church members who also wanted to be part of the meeting.

As a first public meeting of the new journey, much is not anticipated on the outcome of the commitment from the public. Nonetheless, assumptions were proven wrong when 84 people from the public who attended gave their lives to Christ when the Altar call was made by Evangelist Gideon on the Sabbath Opening.

"Such is a new message that I

have never heard," said a participant. "I am requesting if this same message can be preached at Desert".

Desert is a local area still within Joyce Bay. The next scheduled public meeting is to be held at Talai/Gorobe around the Badili area of Moresby South.

POM Market Outreach

The hunger to listen to the message of the restoration of the Biblical Truths and the unmasking of the enemy has caught on the Port Moresby residents of the North Waigani and Morata area such that not a space within the car park was available for cars to come in.

Evangelist Gideon together with young workers from Port Moresby church conducted an

outreach at the Waigani Market between the hours of 3pm and 6pm from the 2nd day of the week and ended on the closing of Sabbath from the 15th day to the 20th day of the sixth month of the Gregorian Calendar.

Tracts were for the first time distributed to the public on the final afternoon.

.....

Missionary George took to the street at the Sabama Market the following week and the outcome was overwhelming. Tracts were also distributed during the weekend and the positive response was a motivation to the workers.

Minister's Column

Unto all the Churches of God who stood fast in pray and diligently seek God's will in the time of tribulations, trial and persecution. Grace be unto you and peace, from God our Father, and from Lord Jesus Christ the one true Son of the Father.

I thank God always for you, that even though we are scattered and separated by high mountains and great rivers, we are always connected by our prayers through the Spirit of God the Father who is always faithful in ministering unto us and keeping us focus unto Jesus who is the author and the finisher of our faith. Thou we may have faced tribulations, trials, persecutions, pain and suffering for the truth sake, we are called the conquerors who are ready to cross over to the other side to inherit the land.

Brethrens' in Christ, I am privileged and am thankful to our God for His grace to open to us this wonderful Media Ministry which is a mile stone for the ministry to reach out and strengthen our churches in the country. Since most of our churches are in the very remote areas, we can now share and communicate together through this quarterly **Ministry Newsletter** and to spiritually encourage the churches and also share with our churches the many highlights of our ministry work and activities throughout the country. Our published tracts of the biblical truths and renouncement of unbiblical teachings will assist us in our gospel work together with our established evangelization methods.

MINISTRY SEPERATION

On the Tenth month, the month of Tebeth (25th of the 12th Month of the Gregorian calendar, 2014), we parted ways from our former brethren and we have now gathered together to be known as the "TRUTH RESTORERS AND REPAIRERS derived on Isaiah 58:11-12. It was a painful experience, but is one that was done on the principles outlined in the scriptures. We bid God's peace to our former brethren and pray they also walk as we walk. As Ministers, Elders and workers, we took the stand to move under the new ministry and we praise God that you are also part and parcel

of his new movement which God has called us out to preserve and maintain the purity of the truth and his testimony.

MINISTRY STRUCTURE

On the 11th month of Shebat (14th – 15th of the 2nd Month of the Gregorian Calendar, 2015), our new movement had its first Leaders Meeting in Lae Morobe Province to organize and structure the ministry and put in place offices to coordinate the work of the Lord across the country. There were two offices created. One is for the spiritual arm that is to oversee the spiritual function of the Ministry and the other is the Administrative arm that is to coordinate and oversee the administrative affairs of the ministry.

On the 1st Month of Nisan (22nd of the 3rd month of the Gregorian Calendar, 2015), a second meeting was held in Lae Morobe Province and office bearers were appointed. With the grace of our Lord, brethrens were appointed to administer in those offices. With the wisdom of the Leaders, I was selected to minister and oversee the Spiritual office of the Ministry with the able assistance from Minister Smith while Brother Benzamin Zairo was appointed to oversee the administrative arm of the ministry and ably assisted by Brother Henry Heffa. Three coordinators were appointed in the three regions of Highlands, Momase and Southern Region to coordinate the work for the extension of the Kingdom of God.

I am grateful that the coming Leaders meeting on the 26th of the 7th month of the Gregorian calendar - Lord willing, the full team to oversee the Ministry will be finalised together with our Constitution and the Logo to identify ourselves and the work of the great commission entrusted unto us to perform.

ENCOURAGEMENT

As we are advancing into the new chapter of our Ministry, coincidently this great country of Papua New Guinea will also celebrate its 40th Anniversary. Therefore, let us look ahead to see greater things God will be doing for this nation and each and every one of us individually, both physically and spiritually.

Church, we are walking the path of Joshua. Moses the servant of God who led the children of Israel out of Egypt died on the other side of the river just before crossing over to the promise Land, and Joshua led the children of Israelites into the promise Land; the land flowed with milk and honey (Joshua 1). It did not take Joshua too long and certainly did not take Joshua much work to inherit the Promise Land.

There were two things that God wanted Joshua

to do in order for him to be successful in leading the children of Israelites into the land flowed with milk and honey. God told Joshua three times in Joshua chapter 1:6, 7 & 9, to be strong and of good courage because the land that God promised Moses to give unto the children of Israel is just before them. Joshua chapter 1:8, God told Joshua, "Book of the Law shall not depart of thy mouth; but thou shall meditate therein day and night".

This is the encouragement I want to leave with every church. That we be strong and be of good courage. Don't be discouraged on what things people say and think of you – either because of your size or your background. Look unto Jesus. He is the one that called us all to take this journey. Remember! Joshua did not do much work as what Moses did.

- Joshua circumcised the children of Israel
- Joshua Send spies
- Crossing of Jordan river and carrying of 12 memorial stones
- Joshua meet the Captain of host
- Jericho fallen

We will not do much work. We are to lead the church in the basics of the Ten Commandments and grounding the Ministry in all the Truths of the Bible.

I want to encourage the church and all the servants of God to take courage and be strong. It is not like in the days of Moses where we will see lightning, thunders, earth quake and fire. It is the time where we are to train our ears so that we can hear the still small voice of God (1Kings 19:12).

We have a new ministry, a new name and a new journey - let us not dwell in the past but look forward to what God want to give and bless us as individual and ministry as a whole. Therefore, let us live and move in unity, beginning from the Ministers to the Elders, from the Evangelists to the Missionaries and from the workers to the congregation. When there is unity, our God shall surely commands' his blessing.

Greetings

Minister Beckson Punegaso

40 Underwent Cleansing in Morobe

IT was a fitting conclusion to a long waited hands on application for the Morobe Medical workers after a two weeks medical training in Goroka in late 2014. As a new initiative of the Ministry, the trained medical workers cannot wait to put to use their new knowledge. On the other hand, Morobe cleansing patients were also caught up in the interests of the new initiative and cannot wait to be put through the program.

Due to the limited volume of sea water during the medical training in Goroka, it was agreed that Morobe participants would have to defer their participation in the cleansing to a later date in 2015 to allow for the limited resources to be used on others who may not have access to the resources.

That was not an obstacle, because behind the scenes, the Morobe Church Elders and leaders put together a program for their members to also be part of the new initiative.

As interests mounted, curiosity also rode upon it. Everyone from the medical workers to the patients have been praying not only for those days but the moment and the experiences of the 4 days that they all would have to endure as part of the cleansing process. Indeed, those were the days to remember for both the Medical workers and the cleansing patients from the Ministry in Morobe.

Forty patients from Lae, Zenag and Bulolo in the Morobe Province undertook the cleansing process. For most of them, it was a life changing experience.

"Many folks who underwent the cleansing indicated that they used to work for five to six hours a day," said Elder Samuel of Zenag Church. "Now they can work for nine to ten hours a day," He added.

Many members who underwent the program have gone on to make changes to their diets and their lifestyles.

"They looked bright and smart," Elder Samuel said observing the patients few days after the cleansing program. "It also helped motivate their spiritual lives," he continued.

Restoration Message Hits Bulolo

What Good shall come out of Bulolo? That has been a question hovering the minds of both the government and community leaders since the ethnic clash tarnished the outlook of this sleepy town. Surely, it was a question that was raised way back then in Nazareth so the answer is obvious: What happened before shall happen again.

The zeal of spreading the message of restoration hit this sleepy town for a week from 26th of the 4th month of the Gregorian calendar to the 2nd of the 5th month of the Gregorian calendar. The meeting was held at Newcamp, in the Bulolo District of Morobe Province.

What was interesting though was that, during the

day, young church worker, missionary Wewe preached at the market place within the town, while young worker missionary Isan preached during the night meeting for the whole duration of the seven days.

On the preparation day, 6 days after starting off the program, seven Pastors and church workers from various first day churches approached the camp and demanded to see the preachers and were of course led to the two workers.

Having seeing their youthfulness, they can't argue but admired the workers and the messages that they presented. "You guys have

the zeal, continue on," said one of the Pastors. "Your messages seemed to lock our church doors and keys thrown away," said another.

Though, one of those that came wanted to cause a commotion, the Lord was good that the meeting ended the way it was planned with interest in the work increasing even more.

Evangelists to base in Southern and Momase—2015

Evangelist Gideon Kasa

The National leaders meeting in Lae on the third month of the Gregorian calendar in 2015 endorsed the appointment of Evangelist Gideon and Evangelist Isaiah to be based in Port Moresby and Lae respectively in 2015.

Evangelist Gideon will work in Port Moresby and the Southern Region while Evangelist Isaiah will work in Morobe and the Momase region together with the Elders and church leaders from the respective regions.

In their respective missionary field, they would be mobilizing young workers for Evangelization work.

The two evangelist will be moving between the provinces in their respective assigned regions as well as provinces outside when called upon to facilitate evangelistic meetings. Together with the stationed missionaries of each respective areas, Elders and co workers, the work of the restoration of biblical truths would be moved far and wide.

Evangelist Isaiah Naso

Health Talk with Elder Newman

Church is the body of Christ and we do believe in Romans 12:4 *“for as we have many members in one body, and all members have not the same office”*. Therefore the medical ministry is an office in the church of Christ and have its unique role in the redemption plan for mankind on this planet earth.

Lets have a look into the roles the medical ministry functions in the kingdom of God.

One of the major roles the medical ministry plays in the church is to teach God's people how to glorify God in their body. 1 Corinthians 6:19 -20 *“what know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own? For ye are bought with a price: therefore glorify God in your body and in your spirit, which are God's.”*

There are five principle roles the Medical Ministry has to play in the kingdom of God.

Firstly, it is the Medical ministry's role to teach the body of Christ that their body is the temple of God and that that temple is the dwelling place of His Holy Spirit.

Secondly, it is to educate the church that their body is special and, that taking care of it in a holy manner is of a paramount. Body must be kept holy in its habits and

lifestyle because God's law is written upon the tables of the heart. *“But this shall be the Covenant that I will make with the house of Israel; after those days, saith the LORD, I will put my law in their inward parts, and write it in their hearts; and will be their God, and they shall be my people”* (Jeremiah 31:33).

Thirdly, the medical ministry is to play its part in proclaiming the 3 Angels Message. The mission is to call people to fear and give glory to God. Now, how do we give Glory to God? 1st Corinthians 10:31—*“whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God”*. The mission is to go to the world and call people to give glory to God in their bodies. A weak and sick person will not worship God with their strength and fullness.

Fourthly, the medical ministry is to prepare the church to be physically and spiritually matured. *“Having therefore these promises dearly beloved, let us cleanse ourselves from all filthiness of the flesh and spirit, perfecting holiness in the fear of God”* (2Corinthians 7:1). The medical ministry teaches the body of Christ to physically cleanse themselves from every filthy habits that destroys the temple of God and advices the people of healthy habits and lifestyles that helps in the perfection of holiness.

Finally, we are to prepare the church for the second coming. 1 Thessalonians 5:23

says *“and the very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be persevered blameless unto the second coming of our Lord Jesus Christ”*. The far most and ultimate goal is to prepare the church in spirit, soul and body blameless unto the coming of our Lord and King.

We do believe that our body is the image and likeness of God, Genesis 1:27. Also we do believe that our body is the temple of Living God and is the dwelling place of God's spirit (1 Corinthians 6:19). And finally we do believe that the Law of God is written upon the tables of our heart (Jeremiah 31:33). Therefore, our body must be kept in the highest healthy and holy condition for God. This we see the importance of taking care of our body.

HEALTH TIP

A simple treatment for acute body aches:

1. Have a hot and cold bath
2. Drink a cup of ginger tea while having a ginger hot and cold foot bath before dinner. (1 teaspoon powder ginger)
3. Drink another ginger tea on empty stomach in the morning

Continue until recovery. This treatment shall not take you more than 2 days.

Evangelist Osher to Return to E.H.P

Missima Island had not only been a home but has been an inspiration to his young family for many years. Evangelist Osher together with his young family have been serving on the Island since 2010 and have now returned back to where it all started.

It wasn't all smooth sailing during those times on the mission field though. In 2014, his wife lost her dad while she was away in Missima. The family stood

the test of time still holding unto their faith and carry forward the work entrusted unto them.

In early 2014, an evangelical meeting was organized on Missima Island. Evangelist Gideon accepted the invitation and presented a week's long meeting from the thirteen to the nineteenth of the second month of the Gregorian calendar.

Evangelist Osher left Milnebay province together with his family at the end of the six month of the

Gregorian calendar back to the E.H.P and will continue on to carry on the work of evangelization in E.H.P and the Highlands Region

Evangelist Osher

Popondetta appreciates

Was once called the 'Cowboy country' and now changed to 'One leg Country.' For whatever reasons that may be, there was no better word to describe what happened in Popondetta than to affirm the statement made by the public that "Popondetta appreciated it".

From the twenty ninth day of the six month of the Gregorian Calendar to the fourth day of the seventh month of the Gregorian calendar, the central site of the Popondetta town behind the Papindo Trading was packed with people from all walks of life committing their personal time for the Truth sake.

For three to four hours each day, crowds have been silently sitting down in an open classroom with their note pads and biro's participating in the study conducted in the open

with excitement. Though exposed to the elements, nothing can stop their spirit of enthusiasm that caused them to gather as early as ten O'clock in the morning and satisfactorily departed each day at two O'clock in the evening.

Evangelist Gideon together with Missionary Seth and Deacon Roy brought the message of the Truth and awakening the people to the hope of the coming kingdom.

A new message of Atheism and its linkage to the End time events and prophesy was unveiled for the first time in Popondetta.

Most of the people who were following up the whole week spoke highly of the presentation. "We've never heard a message like this presented here," said one of the attendees. "I've been following up and will continue on till the end," said another. "It is very interesting."

Tracts were also issued at the end of the preach-

ing. Initially it caught the gospel workers by surprised on the first day of preaching. Almost the entire population that gathered that day came in from all directions to collect the tracts with such enthusiasm that within just one minute of announcing the availability of the tracts, it was all gone.

A thoughtful relationship was established immediately with the nearest stationary that a copy of the tracts were to be left with them. After each day's preaching, crowds gathered were directed to the stationary if they choose to have a copy of the tracts. Locals who came from afar as far as the Kokoda track and appreciated it when they took a copy of a tract with them back to their villages. Even a 'tire service' business nearby that has a history of not providing electricity to street preachers had for the first time let open their hearts and provided electricity for the gospel workers to use for the entire week free of charge.

Gorouta Street Testifies

Gorouta Street preparing the banners for the night Teaching

It's a news in the news itself when a street testified and witnessed the Truth of God. Gorouta street along the Keroton Rd in Popondetta for the first time as far as the gospel workers who went to Popondetta were concerned have publically witnessed the Truth of God.

A senior resident of the Street who is a scout leader in the Northern province and along with a few of his street residents have been attending the street evangelization all through

the week in the centre of Popondetta. They decided to bring the message to their street so they can host the preaching for the benefit of all other streets nearby.

On the Fifth day of the seventh month of the Gregorian calendar, on the first day of the week, the workers received a call that the event was organized and that they would be picked up soon. Realizing the urgency, the workers got ready and were picked up at one O'clock

in the afternoon and drove to the street only to realize that their first impression of having a family fellowship was somewhat completely different.

Here was a man who not only loved what he heard over the past days but have took it upon himself to share what he heard with not only his street but other streets nearby.

Continue on Page 7

Humble Beginning

A shelter for a first Sabbath in Popondetta

A land was provided and a shelter was erected — all in a week's work. The Sabbath day of the twenty seventh day of the six month of the Gregorian calendar was a special one for a group of twenty people. For some it was their first time observing a Sabbath let alone knowing what Sabbath is. For a few families, it has been a long wait. A patient one indeed. Due to the compromise seen in the church, they have decided to move out and stayed home and have been observing Sabbath in their own homes.

Uncompromised principles and straight forward testimonies are hard to come by these days. Many professed Christians including Sabbath keepers and Sabbath restorers have decided to compromise the basic biblical principles and their moral obligations to accommodate their feelings and emotions. Many others have decided even to sympathize with those who compromised the principles be-

cause of the emotions of relationships they have with them.

It was a different story in the Northern province. A few families and a few members from the public have taken up the responsibility to establish a shelter to promote the principles of Truth and in the process had now become the foundation of the new work in the Northern province.

Evangelist Gideon and Deacon Roy left Port Moresby on the twenty fourth day of the sixth month of the Gregorian calendar on a direct flight into the capital of the Northern Province. Known for its history in the second world war and the restoration of its recognized national icon —the Kokoda Track, it is a better place to initiate the repair and restoration of the Truth of the Bible and renunciation of paganism in the movement of the followers of Christ.

Missionary Seth left Lae on a 75 horsepower boat for a two days journey a day after his other two brethren arrived in Popondetta. Though physically drained from the epic journey, the enthusiasm was not dampened in any way as he went straight into helping his two brethren preparing for the week's long street evangelism.

Missionary Seth has now been left to oversee the new work in Popondetta and is stationed in Popondetta to provide for the new establishment and extend the evangelism in and around the Northern Province.

Church Profile

A) Housing leaders 1st and 2nd meeting 2015.

B) Hosting Lae Medical Cleansing

Gorouta Street Witnesses

Continue from page 6

"We used a loud hailer earlier in the morning going around notifying the residents that this event will take place and they should not miss this opportunity," says the scout leader.

Here was the whole street organizing a front table and completely decorating it in the middle of the street. They even went as far as putting up colored cones and blocking off the road to provide a wide area for residents to gather around for the event.

Realizing this, the workers notified the senior resident that because of the reception, they

would come in the evening to have a more in-depth study for the whole street. The deal was agreed and the workers were dropped off.

Returning back in the evening, Evangelist Gideon presented the Messages of Truth and awaken the residents to the dark works of the devil. He then seasoned the presentation with the message of Atheism that is slowly overwhelming the country. The providence of the Lord and his approval was evident throughout the night as the whole area was packed to capacity.

The whole street is now preparing to host a more detailed 5 nights teaching and will notify soon through the new church in Popondetta.

Gorouta Street in readiness for the night teaching where their residents plus residents of other streets came to participate in the one night event.

The Hype of the Pacific Games

By Benjamin Zairo

Port Moresby has transformed overnight like a flower that blooms on a morning before the sun beat down on it. For 39 years the city has not seen an influx of people and activities as what is currently happening. Pleasure and entertainment is floating everywhere and so are the lives of the people in their anticipation of the satisfaction that will be brought about by the upcoming Games. Its already a pull factor to many faithful Christians who hang up their faith as a laundry on the line to temporarily enjoy the excitement. The Leaders of the church even went as far as joining hands together to pray for the games. If History serves me well, Sports has nothing to do with the God of Israel, but it has everything to do with the God of Greece, Romans and the Egyptians.

Just when the country is ready to cross over the Jordan as it turns 40, Egypt has once again risen to conquer the minds and hearts of the people.

When the Children of Israelites came around the first time to cross over the Jordan after departing from Egypt, it was the report of the 10 spies concerning the Anakims that the whole camp believed they cannot conquer and that lead them to wonder in the wilderness.

The second time they came around the Jordan to cross over, it was the fornication and abominable

sacrifices that the princes of Israel led them to participate with the Moabites that saw 24,000 Israelites slayed that day.

The nation of PNG is at the bank of Jordan river ready to cross over. Are we to believe the report of the 10 spies and submit to the majority of the Christian Churches and pray for the games and to erroneously using scriptures to justify the support of abomi-

Port Moresby Night sky during the Pacific Games

nations now happening around us or are we to be like Joshua and Kelep to believe that we can put down the Anakims with the strength from God.

Are we to lead the church to participate in the forni-

cation and partaking in the abominable sacrifice of the Moabites and receive the plagues of destruction or are we to be like Phinehas, the son of Eleazar, the son of Aaron the Priest—Pastors and church leaders of today to pick up the javelin, the word of God and called abomination as it is and stay the plague from hitting our country.

As the flower faded when the sun beat down on it, the knowledge of the True God may fade out of our mind when we are too caught up in the hype. The lamp that was lit and placed in our hearts might initiate the process of winding down and we may grow cold when it is summer the time of harvest.

Fact of the matter is, PNG will not be the same after September 16, 2015. The nation will be transformed politically, economically, socially and spiritually either for good or for worse. Whichever of these two cases, we all will be left with one thing:

"...Choose you this day, whom you will serve?.... Joshua 24:15

EDITOR'S DESK

- If you are an Elder, a worker or congregational member of the Truth Repairers and Restorers Ministries PNG and want to have your activities and stories reported in the Isaiah 5812 News, please indicate your interest to your provincial Coordinators. Your stories will be vetted by your Coordinators before submitting to the editor.

Note: Editing of the stories will be done by the Editor. The Coordinators will make sure that the stories you are submitting are true, the facts and figures are correct and the report is of an actual event.

- The Editor reserves the right to Publish and schedule the publishing of stories
- Information to go on the Notice board will have to be put through to the respective Provincial Coordinators who will verify its accuracy before submitting to the Editor
- Notice board is the TOKSAVE platform for schedule meetings, cleansing program, ministerial visits, seminars, and other Toksave deemed necessary by the Editor
- The Repairers Restorers Review will be published Quarterly

THE NOTICEBOARD

MEETINGS
